OLSEN VINEYARD

The feast of reason and flow of soul brought us to the Yakima Valley Appellation to source Cabernet Sauvignon from Olsen Vineyards. This old block of Cabernet boasts expressive fruit driven intensity, and is perfectly balanced by soft tannins and unctuous texture. This mature vineyard hangs atop a bluff overlooking the Yakima River Basin. From its pinnacle it has optimal sun exposure, benefits from extended hang-time, and full flavor development.

TASTING NOTES

A refined expression of Yakima Valley Cabernet Sauvignon. The nose is full and complex with layers of cherry, currants and black tea. The palate is supple and silky, with cola, dried herbal notes, and round yet present tannins. You will be treated with a long lingering finish that leaves you wanting another sip.
